

COMPOSTING GUIDE

MATERIALS ACCEPTED:

- ✓ Food scraps: spoiled food, meat, poultry, seafood, shells, bones, eggs, fats, cooking oils, breads, grains, cereals, vegetables, dairy, coffee grounds, and pasta
- ✓ Paper & plant-based products: compostable salad containers, paper towels, paper bags, napkins, paper coffee filters, paper cups, cotton, pizza boxes, and compostable food packaging
- ✓ Compostable bags meeting ASTM 6400 or ASTM 6868 standards

MATERIALS NOT ACCEPTED:

- ~~Single-use plastic bags or food containers not meeting ASTM 6400 & 6868 compostable standards—most yogurt containers~~
- ~~Plastic packaging, bags, plates, cups, utensils—even if it says it is biodegradable, it won't break down in our piles~~
- ~~Diapers or sanitary products with any plastic liners or plastic materials~~
- ~~Dairy cartons~~
- ~~Produce twist-ties~~
